

SYNTHETIC TEAK DECK CLEANER

SPECIALIZED CARE FOR SYNTHETIC TEAK, EVA, AND COMPOSITE DECKS

STAR BRITE SYNTHETIC TEAK DECK CLEANER is designed for today's synthetic teak, EVA, PE, and composite marine decks. It removes tough grime and stains while helping maintain the appearance and integrity of advanced decking surfaces—without harsh scrubbing.

FEATURES

- Specifically formulated for synthetic teak, EVA, PE foam, composite, and PVC decks
- Breaks down grease, grime, and tough stains—even on textured surfaces
- Will not stain, fade, or affect adhesives or protective coatings
- Ideal for Flexiteek®, IsoTeak®, Permateek®, and similar decking systems
- Maintains deck color, texture, and traction properties

QUESTIONS?

Kryptonweg 7, NL-3812 RZ Amersfoort, Netherlands
Tel. +31 970 10255575 | info@starbrite.com

DIRECTIONS

Apply the area to be treated, then use a sponge or brush to spread Synthetic Teak Deck Cleaner evenly. Allow to work for 15-30 seconds before lightly wiping or brushing. Rinse with fresh water. Stubborn stains may require a repeat application that is allowed to soak on the surface for about a minute followed by lightly scrubbing and then rinsing clean.
